

WHAT YOU NEED TO KNOW

MEDICAL UNIVERSITY
OF GDAŃSK

POLAND

WHO WE ARE

The **Medical University of Gdańsk (MUG)** is a modern academic centre recognisable on a national and international scale. It has been providing high quality education in all medical professions and conducting world-class scientific research. The MUG has been acknowledged as the member of an elite group of the best 10 Polish universities awarded in the prestigious *Excellence Initiative – Research University* competition. The MUG's leading role in the fields of scientific and research activity is confirmed by its high position in various rankings. It is one of Poland's few universities to be recognised in the ARWU (Shanghai Ranking).

The Medical University of Gdańsk, Gdańsk University of Technology and the University of Gdańsk established the Fahrenheit Union of Universities in Gdańsk and intend to build the position of Gdańsk as a strong academic centre both in Poland and worldwide.

A BIT OF HISTORY

The MUG is one of the oldest medical universities in Poland. Its academic tradition can be traced back to the University of Stefan Batory in Vilnius which was established 100 years ago.
